Financial developments

Results

Operating revenue

The rental income from commercial properties amounted to NOK 276.4 million in the third quarter (NOK 258.3 million¹). This represented an increase of NOK 18.1 million from the same period of 2022 (7 per cent). Rental income for the year to date of 2023 totalled NOK 817.3 million (NOK 756.3 million), representing an increase of NOK 61 million (8.1 per cent). The increase is primarily linked to the CPI adjustment at the start of 2023 as well as the effect of net new and renegotiated leases during the past year.

The total ongoing annual rental income (run rate) was NOK 1,152 million as at 1 October. That represented an increase of NOK 1 million since 1 July.

Retail and restaurant turnover for both Aker Brygge in Oslo CBD and Vinslottet at Hasle for the third quarter was at the same level as the corresponding period last year, even though the turnover was negatively affected by bad weather. So far this year, the turnover at Aker Brygge and Vinslottet is up 8 and 10 per cent, respectively.

Operating costs

Property-related operational expenses totalled NOK 15.8 million (NOK 20.3 million) for the third quarter and NOK 60.4 million for the year to date (NOK 53.4 million). Other property-related expenses came to NOK 19.2 million (NOK 19 million) for the quarter and NOK 56.6 million for the year to date (NOK 47.6 million). Administrative expenses amounted to NOK 17.1 million (NOK 16.8 million) for the quarter and NOK 47.0 million for the year to date (NOK 44.7 million).

Operating profit before fair-value adjustments

Share of profit from joint ventures was positive at NOK 6.9 million (negative at NOK 2.7 million) for the third quarter and a profit of NOK 8.8 million for the year to date (NOK 56.9 million).

Thereby, operating profit before fair-value adjustments amounted to NOK 231.2 million (NOK 199.6 million) for

the third quarter and NOK 662 million for the year to date (NOK 667.4 million).

Fair-value adjustments for investment property

The valuation of the property portfolio yielded a negative unrealised fair-value adjustment of NOK 1,485.9 million (NOK 658.4 million). The negative fair-value adjustment is mainly related to increased yield levels for the company's properties due to higher market financing costs. This represented a 6 per cent change from the value as at 30 June and the cost of investments for the period. The total market value of the property portfolio as at 30 September 2023 amounted to NOK 23,136.5 million. The negative unrealised fair-value adjustment for the year to date of 2023 totalled NOK 2,255.3 million (8.9 per cent) compared to a positive change of NOK 248.3 million for the corresponding period last year.

Net financial items

Net realised financial expenses amounted to NOK 113.1 million for the third quarter (NOK 84.7 million) and NOK 324.8 million for the year to date (NOK 258.3 million). The increase in costs in 2023 is primarily related to increased short-term floating interest rates.

Long-term market interest rates increased during the third quarter. The positive fair-value adjustment for financial derivatives was NOK 7.9 million (NOK 26.9 million). The positive fair-value adjustment for the year to date was NOK 81.6 million (NOK 206.2 million).

Profit for the period

The pre-tax loss amounted to NOK 1,360 million for the third quarter (NOK 516.6 million) and NOK 1,836.4 million for the year to date (profit of NOK 863.6 million).

The reduction in the provision for deferred tax was NOK 255.5 million in the third quarter (NOK 47.1 million) and NOK 303.1 million for the year to date (increase of NOK 186.3 million).

Net loss in the third quarter was thereby NOK 1,104.5 million (469.5 million) and NOK 1,533.3 million for the year to date (profit of NOK 677.4 million).

¹ The figures in brackets refer to the corresponding period of the previous year.

Market and operations

Commercial property market

Norwegian Property estimates the office vacancy rates in Oslo to be 5.6 per cent overall, 4.1 per cent in the city centre and 10.1 per cent in Nydalen. Moderate vacancy rates in the past few years have contributed to positive trends for rents. Office vacancy at Fornebu is 9 per cent. The prime yield for the Oslo CBD is estimated by various analysts to be approximately 4.25 per cent.

There have been a few property related transactions in the bond market in the third quarter, and there seems to be slightly more positive sentiment than the last quarter.

The 10-year swap interest rate went from 3.8 per cent at the beginning of the quarter to 4.2 per cent at the end of the quarter. Inflation remains high, but there are signs that the economy is slowing down. Norges Bank expects to hike the interest rate once more in December, and that the interest rate will then remain at that level for some time.

The property portfolio

Key figures

Norwegian Property owned 29 investment properties as at 30 September. These are primarily located in the central areas of the Oslo region. The company's properties mainly comprise office premises as well as retail and restaurant space along with the associated warehousing and parking for the office areas.

Total ongoing annual rental income (run rate) from the company's whole property portfolio was NOK 1,152 million as at 1 October. That represented an increase of NOK 1 million since 1 July. NOK 69 million of the run rate is related to the rental guarantee provided by the seller of the property at Snarøyveien 30. The overall financial vacancy in the property portfolio totalled 6.2 per cent, which is primarily related to the properties Sandakerveien 138-140, Snarøyveien 30 and 36 as well as Bryggetorget 3. The weighted average remaining duration of the leases was 5 years. The average rent adjustment factor for the consumer price index was 99.9 per cent for the total portfolio as at 30 September 2023.

The key figures above do not include the space which is under construction as at 30 September. Ongoing projects at the end of the quarter are specified in the table below.

New leases

New leases with a total annual rental income of NOK 20 million were awarded in the third quarter, while existing leases totalling NOK 11 million were extended. Expired leases totalled NOK 16 million. Therefore, the net increase in annual rents from leases during the third quarter was NOK 15 million.

Valuation of the property portfolio

Two independent appraisers have valued all the properties in the company's portfolio based on the same methods and principles applied in the previous periods. The accounting valuation as at 30 September 2023 is based on an average of the two valuations.

As at 30 September, the company's portfolio of investment properties was valued at NOK 23,136.5 million (NOK 25,524.1 million). The rent guarantee receivables and properties used by the owner were carried separately in the balance sheet at NOK 219.3 million and NOK 148.9 million, respectively, and recognised at fair value. Fair-value adjustments recognised in the profit and loss for the investment properties were negative at NOK 1,485.9 million for the third quarter. This represents a 6 per cent change from the value as at 30 June and the cost of investments for the period.

Shareholder information

As at 30 September 2023, the company has a share capital of NOK 324,912,798 divided into 649,825,596 shares, each with a par value of NOK 0.5. The company owns 6,250,000 treasury shares. Geveran Trading Co.

Ltd. owns the remaining 643,575,596 shares in the company.

The environment and corporate social responsibility (CSR)

Introducing circularity at Aker Brygge

As a measure to inspire the closing of the loop in the textile industry and support a business seeking to create sustainable cities and communities, Aker Brygge has signed a new lease with Eftir Second Hand. Eftir is an ambitious 2nd hand store that allows customers to sell pre-owned fashion items in exchange for store credit. In addition, they rent out clothes for special occasions, source pre-owned designer furniture as well as support up-and-coming designers using 2nd hand textiles in their production.

Accessible outdoor area for all - Fornebuhaven and Langs Akerselva

Norwegian Property arranged "Fornebuhaven" in the outdoor areas of Snarøyveien 30, inviting families with children to free outdoor activities at weekends in summer, such as games, face painting and outdoor cinema. NPRO also co-hosted a family festival, Safari Fornebu.

Norwegian Property contributed to "Langs Akerselva", a festival founded to create awareness and responsibility around an increasingly precarious and demanding climate situation.

Oslo Urban Week – Life below water

12-14 September Norwegian Property co-hosted seminars and panel discussions with a focus on life below water and how to prevent a loss in the biodiversity of the Inner Oslo Fjord. The main target was to create a networking platform and inspire cooperation between the interested parties who operate in and close to the Inner Oslo Fjord.

UN International Day of Awareness of Food Loss and Waste

In cooperation with our facility service partner ISS, Norwegian Property held a Food Waste Awareness

campaign at Fornebu involving all tenants through the canteen. The campaign addressed how to prevent food waste both at work and at home. The canteens at Fornebu have been involved in the process and will continue to convey the message of the importance of preventing food waste throughout the year.

Outlook

Norwegian Property manages modern and flexible properties located in attractive clusters near public transport hubs. The company has delivered strong and stable results from its operations and from fair value changes for its properties over a long period.

The company has three clusters for commercial properties - Oslo CBD, Nydalen and Fornebu.

Norwegian Property has a strategy for growth in its core commercial property business as well as an ambition to consider opportunities in other property segments. Norwegian Property will continue its efforts to expand and develop its business through additional acquisitions and by pursuing several interesting long-term development opportunities in the existing property portfolio.

Property values have risen significantly in recent years, which have been characterised by low interest rates, high demand for office space and rising rent levels. The property values have shown negative development during the last year in a more troubled market with rising interest rates, inflation and worrying international geopolitical developments. There is a risk of further negative development in property values going forward.

Norwegian Property's financial position is sound, with a high equity ratio and a relatively low loan-to-value ratio. The company has a highly diversified portfolio of tenants in the public sector and various private business segments. This contributes to the company being well positioned in order to handle the uncertainty and challenges ahead with a continued focus on the strategy of further expanding and developing the business.

Notes to the condensed financial statements

NOTE 1: General information

The Norwegian Property ASA real estate group primarily owns commercial properties in the Oslo region. Norwegian Property also owns a share (joint venture) in the residential development company Nordr. Nordr has residential units under construction and a land bank in the largest Norwegian and Swedish cities. In Stavanger, Norwegian Property has a joint venture for the development of a property with a combined residential and commercial purpose.

The holding company, Norwegian Property ASA, is a public limited company with its headquarters located at Bryggegata 3, Oslo (Norway). Gevevan Trading Co. Ltd. owns all the shares in Norwegian Property ASA.

The interim report of Norwegian Property ASA was approved at a board meeting on 16 October 2023. The report has not been audited.

In accordance with the requirements of section 3, sub-section 3 of the Norwegian Accounting Act, Norwegian Property presents annual statements on corporate governance and social responsibility. The latest disclosures are contained in the annual report for 2022.

NOTE 2: Accounting policies

The financial statements include Norwegian Property ASA and subsidiaries. Sold properties are included in the accounts until the completion of the transactions. Acquired properties are included in the financial statements from the date of acquisition.

Management makes estimates and assumptions concerning the future. The accounting estimates will by definition seldom be fully in accordance with the final outcome. Estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities primarily relate to the valuation of investment property.

This interim report is prepared in accordance with IAS 34 Interim Financial Reporting. The interim financial statements are prepared in accordance with the applicable IFRS standards and interpretations. The accounting policies used in preparing the interim report are in accordance with the principles applied in preparing the annual accounts for 2022. The interim report presents condensed financial statements and does not contain all the information required for full annual financial statements. The report should, therefore, be read in conjunction with the financial statements for 2022.

No significant changes have been made to accounting policies compared with the principles used in the preparation of the financial statements for 2022. Norwegian Property has not implemented any new standards or changes of standards in the 2023 interim financial statement which has had a significant impact on the accounts. There are no material new standards and interpretations not yet implemented.

NOTE 3: Segment information

NOTE 6: Joint ventures

Nordr

Nordr has flats under construction and a substantial land bank in Norway and Sweden. The land bank is largely located in the largest Norwegian and Swedish cities, with an emphasis on eastern Norway and the extended Stockholm capital region in Sweden.

Norwegian Property owns Nordr together with Fredensborg and Union Real Estate Fund III. While Norwegian Property and Fredensborg are equal partners with a share of 42.5 per cent of preference shares each Union own 15 per cent. Norwegian Property owns 42.4 per cent of all shares in the company.

The table below presents the quarterly development of the project portfolio for Nordr over the past five quarters.

Project portfolio Nordr	3Q-22	4Q-22	1Q-23	2Q-23	3Q-23
Units sold	77	147	89	165	82

The figure below shows the expected completions during the next five quarters based on the best estimate for the timing of the projects. A total of 1,191 residential units are expected to be completed during the next five quarters in both wholly and partly owned projects in Norway and Sweden.

Independent appraisers have valued all the plots in the company's portfolio, and there was a substantial increase in the values compared to the values at the time of the acquisition. The value uplift increased the NAV metrics for Norwegian Property but does not affect the book value of the investment.

Forusbeen 35

The property at Forusbeen 35 in Stavanger has been rezoned from a commercial building to a combined residential and commercial property. Until the construction begins, the operation of the property will continue as a commercial property. Norwegian Property owns the project as a joint venture together with Base Bolig. The shareholders each have a share of 50 per cent.

Total financial liabilities	12 469,7	12 454,9	12 298,7	12 316,1	12 415,1	12 412,5

The estimated fair value of financial instruments is based on market prices and valuation methods. For cash and cash equivalents, fair value is assumed to be equal to the book value.

Interest-bearing receivables and liabilities are measured at the present value of future cash flows. Account is taken of the estimated difference between the current margin and market conditions (market value higher than the book value of debt in the listing indicates a negative equity effect when the applicable borrowing margin is less favourable than current market conditions).

The fair value of financial derivatives (interest-rate and currency derivatives) is the estimated present value of future cash flows which is calculated by using quoted swap curves and exchange rates as at the balance sheet date. The technical calculations are performed by the banks.

Other receivables and other current liabilities are carried principally at fair value and subsequently measured at amortised cost. However, discounting is not usually considered to have any significant effect on these types of assets and liabilities.

Financial instruments at fair value through profit or loss are specified in the table below by the valuation method.

² Interest-bearing receivables are related to loans to joint ventures and tenants.

Norwegian Property is exposed to interest rate risk on floating-rate borrowings. The general policy in accordance with the applicable loan agreements is that at least 60 per cent of the company's interest-bearing debt at any time will be hedged. As at 30 September 2023, 60.1 per cent of such loans was secured (30 September 2022: 71.1 per cent). The remaining time to

maturity for interest hedging agreements was 5 years (5.9 years).

The total average interest margin on loans was 143 basis points (137 basis points). The loan portfolio has an average interest rate of 3.98 per cent (2.93 per cent), and the remaining time to maturity for interest-bearing debt was 3.3 years (3.9 years).

NOTE 12: Related-party disclosures

A management fee of NOK 1.2 million has been expensed in 2023 from a company related to the shareholder Geveran Trading Co. Ltd.

No other agreements or significant transactions with related parties have been carried out in 2023.

Intercompany balances and transactions with subsidiaries (which are related parties of Norwegian Property ASA) are eliminated in the consolidated financial statements and are not covered by the information given in this note. Financial matters

related to directors and senior management are described in the annual financial statements (see note 19 and 20 to the financial statements for 2022).

NOTE 13: Events after the balance sheet date

In accordance with the mandate from the annual general meeting in 2023 the board decided on 16 October 2023 that a dividend of NOK 0.125 per share will be paid for the third quarter of 2023.

No other significant events have occurred after the balance sheet date as at 30 September 2023.

EPRA Performance Measures

EPRA (European Public Real Estate Association) is an association for the publicly traded European real estate sector. EPRA was founded in 1999 as a not-for-profit association. It has several hundred members, covering the whole spectrum of the listed real estate industry (companies, investors and their suppliers). EPRA's mission is to promote, develop and represent the European public real estate sector through the provision of better information to investors and stakeholders, active involvement in the public and political debate, promotion of best practices as well as the cohesion and strengthening of the industry. For further information, see www.epra.com.

EPRA has issued Best Practices Recommendations Guidelines on areas of reporting that are the most relevant to investors and where more consistent reporting across Europe would bring the greatest benefits in the overall transparency of the sector.

Norwegian Property report on the following EPRA Performance Measures.

EPRA Earnings

EPRA Earnings is a key measure of the underlying operating performance of the property portfolio and an indication of the extent to which current dividend payments are supported by earnings. EPRA Earnings is calculated based on the IFRS Earnings for the commercial property portfolio adjusted for changes in the market value of investment properties, changes in the market value of financial derivative instruments and the related tax effects.

EPRA Earnings per share	NOK	0,13	0,39	0,14	0,41	0,53

¹ Earnings from the Nordr joint venture (JV) are adjusted for as it is related to the development of residential properties for sale, and they are not relevant for the measurement of the performance of the commercial property portfolio.

EPRA NAV Metrics

The EPRA NAV set of metrics make adjustments to the NAV per the IFRS financial statements to provide stakeholders with the most relevant information on the fair value of the assets and liabilities of a real estate investment company, under different scenarios.

EPRA Net Reinstatement Value (NRV)

The EPRA NRV metric assumes that entities never sell assets and it aims to represent the value required to rebuild the entity.

Investments in JVs are revalued based on an estimated fair value of such investments. The fair value on financial derivatives and deferred taxes on investment properties are excluded. Property transfer taxes do not normally apply to Norwegian transactions, and therefore such taxes are not included in the NRV calculation. The fair value of financial instruments, which are used for hedging purposes where the company has the intention of keeping the hedge position until the end of the contractual duration, is excluded. Under normal circumstances, the financial derivatives that companies use to provide an economic hedge are held until maturity and so any fair value movements will not crystallise.

EPRA Net Reinstatement Value (NRV)		30.09.2023	30.09.2022	31.12.2022
IFRS equity	NOK mill.	10 790,0	13 057,5	12 562,1
Revaluation of investments made in JVs	NOK mill.	1 016,6	1 108,2	1 119,3
Net Asset Value (NAV) at fair value	NOK mill.	11 806,6	14 165,8	13 681,4
Deferred tax on properties and financial instruments	NOK mill.	1 674,9	2 148,9	2 077,1
Net fair value on financial derivatives	NOK mill.	(226,9)	(179,3)	(145,3)
Net Reinstatement Value (NRV)	NOK mill.	13 254,6	16 135,4	15 613,2
Outstanding shares at period end (million)	Mill. shares	643,6	643,6	643,6
NRV per share (NOK)	NOK	20,60	25,07	24,26

EPRA Net Tangible Assets (NTA)

The EPRA NTA metric assumes that entities buy and sell assets, thereby crystallising certain levels of unavoidable deferred tax.

Investments in JVs are revalued based on an estimated fair value of such investments. Norwegian Property has adopted the second option in the EPRA BPR guidelines to adjust for deferred tax, estimating the real tax assets and liabilities based on how the company has previously carried out transactions and otherwise utilised existing tax positions. The fair value of financial instruments that are used for hedging purposes are excluded.

EPRA Net Tangible Assets (NTA)		30.09.2023	30.09.2022	31.12.2022
IFRS equity	NOK mill.	10 790,0	13 057,5	12 562,1
Revaluation of investments made in JVs	NOK mill.	1 016,6	1 108,2	1 119,3
Net Asset Value (NAV) at fair value	NOK mill.	11 806,6	14 165,8	13 681,4
Reversal deferred tax liability as per balance sheet	NOK mill.	1 587,9	1 872,6	1 893,3
Adjustment for estimated fair value of deferred tax ²	NOK mill.	(79,1)	55,1	(19,7)
Net fair value on financial derivatives	NOK mill.	(226,9)	(179,3)	(145,3)
Net Tangible Assets (NTA)	NOK mill.	13 088,6	15 914,2	15 409,7
Outstanding shares at period end (million)	Mill. shares	643,6	643,6	643,6
NTA per share (NOK)	NOK	20,34	24,73	23,94

² Estimated fair value of deferred taxes where the estimated fair value of the tax asset related to carry-forward losses are greater than the estimated fair value of relevant tax liabilities. The calculations assume that carry-forward losses can be utilised over the next 5 years with a discount rate of 5 per cent. The real tax liability related to the gains/losses accounts is estimated on the basis of the annually depreciation rates in the Norwegian tax legislation and a discount rate of 5 per cent. The estimated fair value of the deferred tax liability related to the temporary differences of properties as at 30 September 2023 has been calculated to 3.6 per cent based on a discount rate of 5 per cent and the assumption that properties outside Aker Brygge are realised over the next 50 years period in transactions structured as sale of companies in which the tax discount is 5.4 per cent.

EPRA Net Disposal Value (NDV)

The EPRA NDV metric represents the shareholders' value under a disposal scenario, where deferred tax, financial instruments and certain other adjustments are calculated to the full extent of their liability, net of any resulting tax.

Investments in JVs are revalued based on an estimated fair value of such investments. Financial liabilities are valued at the estimated fair value, net of deferred tax.

EPRA Net Disposal Value (NDV)		30.09.2023	30.09.2022	31.12.2022
IFRS equity	NOK mill.	10 790,0	13 057,5	12 562,1

³ The fair value adjustment related to financial liabilities is related to the valuation as shown in note 8 to the interim financial statement, where the estimated difference between the current margins and the market conditions are taken into account as well as changes in the fair value of listed bonds. Tax is taken into account with 22 per cent.

EPRA Net Initial Yield

EPRA Net Initial Yield (NIY) and EPRA "Topped-up" NIY

The EPRA Net Initial Yield metrics presents annualised rental income based on the cash rents passing at the balance sheet date, less non-recoverable property operating expenses, divided by the market value of the property and increased with estimated purchasers' costs. The EPRA NIY is a comparable measure for portfolio valuations.

The EPRA "Topped-up" NIY metric incorporates an adjustment to the EPRA NIY in respect of the expiration of rent-free periods or other unexpired lease incentives such as discounted rent periods and step rents.

EPRA cost ratio (excluding direct vacancy cost)	Per cent	17.06	17.96	18.19	17.04	17.96

EPRA LTV

The EPRA LTV's aim is to assess the gearing of the shareholder equity within a real estate company. The EPRA LTV is calculated based on the IFRS reporting with certain defined adjustments. The adjustments include, among other things, that the EPRA LTV is calculated based on proportional consolidation. This implies that the EPRA LTV include the group's share in the net debt and net assets of joint venture and material associates. Assets are included at fair value and net debt at nominal value.

Definitions

Below is an explanation of figures and notions mentioned in the interim report, which are not derived directly from the accounts.

Definition of financial APMs

Operating profit before administrative expenses	Revenues net of property expenses.
Profit before income tax and value adjustments	Profit before tax, adjusted for fair value adjustments to investment properties and financial derivatives.
Profit before income tax, value adjustments and joint ventures	Profit before tax, adjusted for share of profit in joint ventures as well as fair value adjustments to investment properties and financial derivatives.
Market value of property portfolio	The market value of all the group's properties regardless of accounting classification.
Market value of joint ventures	The book value of the investment in joint ventures, adjusted for the EPRA-revaluation of such investments.
Gross interest-bearing debt	Book value totals for long-term and short-term interest-bearing debt, less the holdings of own bonds.
Net interest-bearing debt	Gross interest-bearing debt, less interest bearing receivables and cash/cash equivalents.
LTV	Debt to asset ratio (Loan-To-Value).
Gross debt to asset ratio (gross LTV)	Interest-bearing debt divided by the fair market value of the property portfolio at the balance-sheet date.
Net debt to asset ratio (net LTV)	Net interest-bearing debt divided by the fair market value of the property portfolio at the balance-sheet date.
Equity ratio	Total equity divided by total equity and liabilities.
Pre-tax return on equity	Annualised pre-tax profit in the period divided by average total equity for the period in the balance sheet.
Earnings per share (EPS)	Net earnings for the period divided by the average number of common shares during the period. Diluted earnings per share takes into account the dilution effect of share options.
NAV, book value	Net asset value, the book value of total equity in the balance sheet.

Definition of other financial and operational measures and terms

Run rate for annual rent	Contracted annualised rental income for the property portfolio at the balance sheet date.
Weighted remaining duration of leases	Remaining contractual rent of current leases at the balance sheet date divided by the total contractual rent for the entire lease term.
Space vacancy/Office vacancy	Space vacancy is the total number of square metres available for rent divided by the total number of square metres in the market. Similarly, office vacancy is the number of office square metres available for rent divided by the total number of office square metres in the market.
Financial vacancy rate	Annualised market rent for space which generated no rental income at the balance sheet date, divided by total annualised rent for total space (contract rent for leased space and market rent for vacant space).
Gross yield	Gross yield on the balance sheet date for a property or portfolio of properties is calculated as contractual annualised rental income divided by market value.
Net yield	When calculating net yield, maintenance and property-related costs are deducted from contractual annualised rental income, which is then divided by the market value.
Prime yield	Yield for a fully leased property of best structural quality, with tenants in the best category and in the best location.
Unutilised credit facilities	The difference between the total available credit facilities, based on the current loan agreements, and the amounts at the balance sheet date which are deducted and accounted for as interest-bearing debt in the balance sheet.
Interest hedging ratio	The share of interest-bearing liabilities hedged at the balance sheet date.
Base interest rate	A weighted average of the fixed and floating average interest rates at the balance-sheet date. The fixed average interest rate is calculated as the weighted average of the fixed interest rate paid by the company in relation to outstanding interest-rate contracts and loans. The floating average interest rate is calculated as the weighted average of the Nibor rate paid on interest-bearing debt. The interest-rate base does not include accrued finance charges or margin.
Average interest rate	Weighted average interest rate on interest-bearing debt and fixed-rate interest agreements at the balance-sheet date.
Average interest margin	The weighted average of the interest margin on the outstanding interest-bearing debt at the balance-sheet date.
Remaining time to maturity for interest-bearing debt	Weighted remaining period until maturity for interest-bearing debt at the balance-sheet date.
Remaining time to maturity for interest hedge agreements	The weighted remaining period until maturity for interest hedge agreements at the balance-sheet date.
Like for like	Change in rental income from one period to another based on the same income-generating property portfolio, with rental income adjusted for purchases and sales of properties.
Independent appraisers	Akershus Eiendom and Cushman & Wakefield.
Oslo CBD	The central business district is considered the most attractive area for office space in Oslo. It is usually restricted to the districts of Aker Brygge, Tjuvholmen and Vika.
