Financial developments

Results

Operating revenue

The rental income from commercial properties amounted to NOK 361 million in the third quarter (NOK 276 million¹). The NOK 84 million growth (31 per cent) from the corresponding period last year is mainly related to the takeover of the properties Martin Linges vei 33 and Telegrafan. Adjusted for the takeover of properties (like-for-like revenue), this represented an increase of NOK 22 million from the same period of 2023 (8 per cent). The increase is primarily linked to the CPI adjustment at the start of 2024 as well as the effect of net new and renegotiated leases during the past year. Rental income for the year to date of 2024 totalled NOK 1,025 million (NOK 817 million), representing a like-for-like increase of NOK 54 million (7 per cent).

The total ongoing annual rental income (run rate) was NOK 1,463 million as of October 1. This represented a reduction of NOK 11 million since July 1.

Retail and restaurant turnover for Aker Brygge and Hasle increased by 5 and 9 per cent for the third quarter compared to the corresponding period last year, respectively.

Operating costs

Property-related operational expenses totalled NOK 26 million (NOK 16 million) for the third quarter and NOK 72 million for the year to date (NOK 60 million). The cost increase is primarily linked to a larger property portfolio. Other property-related expenses came to NOK 20 million (NOK 19 million) for the

third quarter and NOK 65 million for the year to date (NOK 57 million). Administrative expenses amounted to NOK 21 million (NOK 17 million) for the third quarter and NOK 52 million for the year to date (NOK 47 million).

Operating profit before fair-value adjustments

The share of profit from joint ventures was a loss of NOK 14 million (profit of NOK 7 million) for the third quarter and a profit of NOK 10 million for the year to date (NOK 9 million).

Thereby, operating profit before fair-value adjustments amounted to NOK 280 million (NOK 231 million) for the third quarter and NOK 846 million for the year to date (NOK 662 million).

Fair-value adjustments for investment property

The valuation of the property portfolio yielded a positive unrealised fair-value adjustment of NOK 170 million (negative change of NOK 1,486 million). This represented a 0.6 per cent change from the value as of June 30 and the cost of investments for the period. The positive unrealised fair-value adjustment for the year to date of 2024 totalled NOK 493 million (negative change of NOK 2,255 million), which represented a 1.8 per cent change. The total market value of the property portfolio as of September 30, 2024 amounted to NOK 27,385 million.

Net financial items

Net realised financial expenses amounted to NOK 192 million (NOK 113 million) for the third quarter and NOK 488 million for the year to date (NOK 325 million). The increase in net financial expenses is related to increased debt due to a significantly larger property portfolio and an increase in floating interest rates over the past year.

Long-term market interest rates were reduced in the third quarter. Therefore, the fair-value adjustment for financial derivatives was negative at NOK 36

¹ The figures shown in brackets refer to the corresponding period of the previous year.

million (positive change of NOK 8 million). The negative fair-value adjustment for the year to date was NOK 6 million (positive change of NOK 82 million).

Profit for the period

The pre-tax profit amounted to NOK 221 million for the third quarter (loss of NOK 1,360 million) and NOK 844 million for the year to date (loss of NOK 1,836 million).

The increase in the provision for deferred tax was NOK 44 million in the third quarter (reduction of NOK 256 million) and NOK 215 million for the year to date (reduction of NOK 303 million).

Net profit in the third quarter was thereby NOK 177 million (loss of NOK 1,105 million) and NOK 630 million for the year to date (loss of NOK 1,533 million).

Market and operations

Commercial property market

Norwegian Property estimates the office vacancy rates in Oslo to be 6.3 per cent overall, 5.0 per cent in the city centre and 11.6 per cent in Nydalen. Moderate vacancy rates in the past few years have contributed to positive trends for rents. Office vacancy at Fornebu is 9.0 per cent. The prime yield for the Oslo CBD is estimated by various analysts to be approximately 4.75 per cent.

There was good liquidity in the bond market for property related transactions in the third quarter. Margins for the sector were reduced by approximately 15 bp during the quarter. Norwegian Property issued a 3 year bond in May at a margin of 115 bp, while Nordic Bond Pricing indicated 127 bp at the beginning of July.

The 10-year swap interest rate started at 3.7 per cent at the beginning of the quarter, decreased to 3.5 per cent at the end of the quarter. Inflation is still above Norges Bank's target. The activity in the Norwegian economy is still high and the exchange rate is weak. Norges Bank kept the interest rate at 4.5 per cent in September, a cut is not expected until the end of 2024 at the earliest, and most likely in 2025.

The property portfolio

Key figures

Norwegian Property owned 31 investment properties as of September 30. They are located in the central areas of the Oslo region. The company's properties mainly comprise office premises as well as retail and restaurant space along with the associated warehousing and parking for the office areas.

Total ongoing annual rental income (run rate) from the company's whole property portfolio was NOK 1,463 million as of October 1, 2024. That represented a reduction of NOK 11 million since July 1. NOK 66 million of the run rate is related to the rental guarantee provided by the seller of the property at Snarøyveien 30. The overall financial vacancy in the property portfolio totalled 6.9 per cent, which is primarily related to the properties Sandakerveien 138-140, Snarøyveien 30 and 36 as well as Martin Linges vei 33, along with some minor office vacancies in CBD. The weighted average remaining duration of the leases was 6.0 years. The average rent adjustment factor for the consumer price index was 100.0 per cent for the total portfolio as of September 30, 2024.

The key figures hereinabove do not include the space which is under construction as of September 30. Ongoing projects at the end of the quarter are specified in the table shown below.

New leases

Norwegian Property signed new and renegotiated leases in the third quarter with an annual rental uplift totalling NOK 13 million. Expired leases totalled NOK 12 million. Therefore, net letting came in at NOK 1 million in the third quarter.

Property transactions

Norwegian Property has acquired the company Koksa Eiendom AS in the third quarter, which owns plots of 12,500 sqm in connection with the company's property at Martin Linges vei 33 on Fornebu.

Valuation of the property portfolio

An independent appraiser has valued the properties in the company's portfolio based on the same methods and principles applied in the previous periods. In addition, the company has prepared a valuation based on similar principles. The accounting valuation as of September 30, 2024 is based on an average of the two valuations.

As of September 30, the company's portfolio of investment properties was valued at NOK 27,385 million (NOK 23,137 million). The rent guarantee receivables and properties used by the owner were carried separately in the balance sheet at NOK 148 million and NOK 104 million, respectively, and were recognised at fair value. Fair-value adjustments recognised in the profit and loss for the investment properties was NOK 170 million for the third quarter. This represents a 0.6 per cent change from the value as of June 30 and the cost of investments for the period.

Shareholder information

As of September 30, 2024, the company has a share capital of NOK 331,411,054 divided into 649,825,596 shares, each with a par value of NOK 0.51. The company owns 6,250,000 treasury shares. Geveran Trading Co. Ltd. owns the remaining 643,575,596 shares in the company.

The environment and social responsibility (ESG)

Environment and climate

Updated Green Bond framework

Norwegian Property updated its green bond framework in the quarter. The framework was rated Light Green by S&P Global, former Cicero.

The main requirements for green bond financing are:

- New construction of properties with a certification from BREEAM-NOR with a minimum certification level of "Excellent"
- Properties with certification from BREEAM-NOR In-Use with a minimum certification

level of "Very Good", with at least light Green shading and EPC-level C

- Renovation of office, commercial and/or residential properties leading to reduced energy consumption per year of at least 30 per cent or improving the energy class of a building with at least two notches
- Investments in on-site emission free power installations and/or stand-alone solar or geothermal facilities for local power generation for production as well as related infrastructure and equipment such as connection, electric substations and foundations as well as electric heat pumps or seawater pumps.

Budgeting emissions to motivate tenants to choose more sustainable solutions

To promote the transition to a more circular economy, Norwegian Property has started to create budgets for CO2 emissions from the goods and services used in renovation projects and adaptations to new tenants. A new tool calculates the emissions to be saved by keeping the existing materials. By showcasing different alternatives to tenants, the aim is to motivate them to choose to reuse or use more sustainable materials and thereby reduce emissions.

Social

Job opportunities for young people

Norwegian Property puts a special emphasis on creating job opportunities for young people to obtain working experience and to employ students as seasonal workers at the Marina through the summer months.

Accessible outdoor areas for all – Fornebuhaugen and Langs Akerselva

In the third quarter, Norwegian Property continues its efforts to create accessible outdoor areas and activities for all, emphasising family and cultural activities. Norwegian Property has been hosting free family activities every weekend at Snarøyveien 30. Here, families enjoy outdoor games, meet and greet with Peppa Pig, clowns, balloon art and face paint.

In addition, Norwegian Property contributed to "Langs Akerselva", an innovation arena that focuses on creating a sustainable music festival. They

engage in the community and take measures to reduce the footprint of a standard festival through waste-sorting solutions, sourcing local food and urging their visitors to arrive by foot or bicycle.

Zucarello Foundation– running for a more inclusive society

In September, Norwegian Property helped raise money by participating in a marathon to raise funds for the Zuccarello Foundation. The foundation aims to contribute to ensuring that all children have access to sports and leisure activities, regardless of the family's financial situation. The goal is to create a more inclusive society.

Outlook

Norwegian Property has a strategy for growth in its core commercial property business as well as an ambition to consider opportunities in other property segments.

Norwegian Property will continue its efforts to expand and develop its business through additional acquisitions as well as by pursuing several interesting long-term development opportunities in the existing property portfolio.

In the next couple of years, the supply of new properties is limited in the Oslo market, with the exception of Construction City and parts of the new “Regjeringskvartalet”. Hence, there will be a good demand for high quality office space and the rent levels will most likely continue to rise.

Property values have shown a positive development in 2024. Capital is now available from several different funding sources.

Norwegian Property’s financial position is sound, with a high equity ratio and a relatively low loan-to-value ratio. The company has a highly diversified portfolio of tenants in the public sector and various private business segments. This contributes to the company being well positioned in order to handle any possible uncertainty with a continued focus on the strategy of further expanding and developing the business.

Notes to the condensed financial statements

NOTE 1: General information

The Norwegian Property ASA real estate group primarily owns commercial properties in the Oslo region. Norwegian Property also owns a share (joint venture) in the residential development company Nordr. Nordr has residential units under construction and a land bank in the largest Norwegian and Swedish cities. In Stavanger, Norwegian Property has a joint venture for the development of a property with a combined residential and commercial purpose.

The holding company, Norwegian Property ASA, is a public limited company with its headquarters located at Bryggegate 3, Oslo (Norway). Geveran Trading Co. Ltd. owns all the shares in Norwegian Property ASA.

The interim report of Norwegian Property ASA was approved at a board meeting on October 15, 2024. The report has not been audited.

In accordance with the requirements of section 3, sub-section 3 of the Norwegian Accounting Act, Norwegian Property presents annual statements on corporate governance and social responsibility. The latest disclosures are contained in the annual report for 2023.

NOTE 2: Accounting policies

The financial statements include Norwegian Property ASA and subsidiaries. Sold properties are included in the accounts until the completion of the transactions. Acquired properties are included in the financial statements from the date of acquisition.

Management makes estimates and assumptions concerning the future. The accounting estimates will by definition seldom be fully in accordance with the final outcome. Estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities primarily relate to the valuation of investment property.

This interim report is prepared in accordance with IAS 34 Interim Financial Reporting. The interim financial statements are prepared in accordance with the applicable IFRS standards and interpretations. The accounting policies used in preparing the interim report are in accordance with the principles applied in preparing the annual accounts for 2023. The interim report presents condensed financial statements and does not contain all the information required for full annual financial statements. The report should, therefore, be read in conjunction with the financial statements for 2023.

No significant changes have been made to accounting policies compared with the principles used in the preparation of the financial statements for 2023. Norwegian Property has not implemented any new standards or changes of standards in the 2024 interim financial statement which has had a significant impact on the accounts. There are no material new standards and interpretations not yet implemented.

NOTE 3: Segment information

Commercial properties

Norwegian Property's primary business is the ownership and management of commercial properties in the Oslo region.

Residential properties

The company has an investment in the residential development company Nordr. In Stavanger, Norwegian Property has a joint venture for the development of a property with a combined residential and commercial purpose (Forusbeen 35).

NOTE 6: Joint ventures

Nordr

Nordr has flats under construction and a substantial land bank in Norway and Sweden. The land bank is largely located in the largest Norwegian and Swedish cities, with an emphasis on eastern Norway and the extended Stockholm capital region in Sweden.

Norwegian Property owns Nordr together with Fredensborg and Union Real Estate Fund III. While Norwegian Property and Fredensborg are equal partners with a share of 42.5 per cent of preference shares each Union own 15 per cent. Norwegian Property owns 42.4 per cent of all shares in the company.

The table below presents the quarterly development of the project portfolio for Nordr over the past five quarters.

Project portfolio	3Q-23	4Q-23	1Q-24	2Q-24	3Q-24
Nordr					
Units sold	82	109	151	237	215

Sales ratio, units under construction (per cent)	70	62	66	70	74
Completed unsold units	56	58	76	83	87
Sales value, units sold in the period	420	490	805	1,382	1,361
Sales value, units under constr. (NOK mill.)	9,345	7,839	7,396	6,721	5,030

The figure below shows the expected completions during the next five quarters based on the best

estimate for the timing of the projects. A total of 717 residential units are expected to be completed during the next five quarters in both wholly and partly owned projects in Norway and Sweden.

Independent appraisers have valued all the plots in the company's portfolio, and there was a substantial increase in the values compared to the values at the time of the acquisition. The value uplift increased the NAV metrics for Norwegian Property but does not affect the book value of the investment.

Forusbeen 35

The property at Forusbeen 35 in Stavanger has been rezoned from a commercial building to a combined residential and commercial property. Until the construction begins, the operation of the property will continue as a commercial property. Norwegian Property owns the project as a joint venture together with Base Bolig. The shareholders each have a share of 50 per cent.

Total financial liabilities	16,620.2	16,631.5	12,451.6	12,444.8	14,300.5	14,312.0

The estimated fair value of financial instruments is based on market prices and valuation methods. For cash and cash equivalents, fair value is assumed to be equal to the book value.

Interest-bearing receivables and liabilities are measured at the present value of future cash flows. Account is taken of the estimated difference between the current margin and market conditions (market value higher than the book value of debt in the listing indicates a negative equity effect when the applicable borrowing margin is less favourable than current market conditions).

The fair value of financial derivatives (interest-rate and currency derivatives) is the estimated present value of future cash flows which is calculated by using quoted swap curves and exchange rates as at the balance sheet date. The technical calculations are performed by the banks.

Other receivables and other current liabilities are carried principally at fair value and subsequently measured at amortised cost. However, discounting is not usually considered to have any significant effect on these types of assets and liabilities.

Financial instruments at fair value through profit or loss are specified in the table below by the valuation method.

² Interest-bearing receivables are related to loans to joint ventures and other interest-bearing investments.

Norwegian Property is exposed to interest rate risk on floating-rate borrowings. The general policy in accordance with the applicable loan agreements is that at least 60 per cent of the company's interest-bearing debt at any time will be hedged. As of September 30, 2024, 66.9 per cent of such loans was secured (September 30, 2023: 60.1 per cent). The

remaining time to maturity for interest hedging agreements was 4.5 years (5 years).

The total average interest margin on loans was 173 basis points (143 basis points). The loan portfolio has an average interest rate of 4.76 per cent (3.98 per cent), and the remaining time to maturity for interest-bearing debt was 2.6 years (3.3 years).

No other agreements or significant transactions with related parties have been carried out in 2024.

Intercompany balances and transactions with subsidiaries (which are related parties of Norwegian Property ASA) are eliminated in the consolidated financial statements and are not covered by the information given in this note. Financial matters related to directors and senior management are

described in the annual financial statements (see note 19 and 20 to the financial statements for 2023).

NOTE 13: Events after the balance sheet date

In accordance with the mandate from the annual general meeting in 2024 the board decided on October 15 that a dividend of NOK 0.14 per share will be paid for the third quarter of 2024.

No other significant events have occurred after the balance sheet date as of September 30, 2024.

EPRA Performance Measures

EPRA (European Public Real Estate Association) is an association for the publicly traded European real estate sector. EPRA was founded in 1999 as a not-for-profit association. It has several hundred members, covering the whole spectrum of the listed real estate industry (companies, investors and their suppliers). EPRA's mission is to promote, develop and represent the European public real estate sector through the provision of better information to investors and stakeholders, active involvement in the public and political debate, promotion of best practices as well as the cohesion and strengthening of the industry. For further information, see www.epra.com.

EPRA has issued Best Practices Recommendations Guidelines on areas of reporting that are the most relevant to investors and where more consistent reporting across Europe would bring the greatest benefits in the overall transparency of the sector.

Norwegian Property report on the following EPRA Performance Measures.

EPRA Earnings

EPRA Earnings is a key measure of the underlying operating performance of the property portfolio and an indication of the extent to which current dividend payments are supported by earnings. EPRA Earnings is calculated based on the IFRS Earnings for the commercial property portfolio adjusted for changes in the market value of investment properties, changes in the market value of financial derivative instruments and the related tax effects.

¹ Earnings from the Nordr joint venture (JV) are adjusted for as it is related to the development of residential properties for sale, and they are not relevant for the measurement of the performance of the commercial property portfolio.

EPRA NAV Metrics

The EPRA NAV set of metrics make adjustments to the NAV per the IFRS financial statements to provide stakeholders with the most relevant information on the fair value of the assets and liabilities of a real estate investment company, under different scenarios.

EPRA Net Reinstatement Value (NRV)

The EPRA NRV metric assumes that entities never sell assets and it aims to represent the value required to rebuild the entity.

Investments in JVs are revalued based on an estimated fair value of such investments. The fair value on financial derivatives and deferred taxes on investment properties are excluded. Property transfer taxes do not normally apply to Norwegian transactions, and therefore such taxes are not included in the NRV calculation. The fair value of financial instruments, which are used for hedging purposes where the company has the intention of keeping the hedge position until the end of the contractual duration, is excluded. Under normal circumstances, the financial derivatives that companies use to provide an economic hedge are held until maturity and so any fair value movements will not crystallise.

EPRA Net Reinstatement Value (NRV)		30.09.2024	30.09.2023	31.12.2023
IFRS equity	NOK mill.	10,787.2	10,790.0	10,411.6
Revaluation of investments made in JVs	NOK mill.	1,048.3	1,016.6	1,061.9
Net Asset Value (NAV) at fair value	NOK mill.	11,835.6	11,806.6	11,473.5
Deferred tax on properties and financial instruments	NOK mill.	1,687.6	1,674.9	1,531.6
Net fair value on financial derivatives	NOK mill.	(135.6)	(226.9)	(141.4)
Net Reinstatement Value (NRV)	NOK mill.	13,387.6	13,254.6	12,863.6
Outstanding shares at period end (million)	Mill. shares	643.6	643.6	643.6
NRV per share (NOK)	NOK	20.80	20.60	19.99

EPRA Net Tangible Assets (NTA)

The EPRA NTA metric assumes that entities buy and sell assets, thereby crystallising certain levels of unavoidable deferred tax.

Investments in JVs are revalued based on an estimated fair value of such investments. Norwegian Property has adopted the second option in the EPRA BPR guidelines to adjust for deferred tax, estimating the real tax assets and liabilities based on how the company has previously carried out transactions and otherwise utilised existing tax positions. The fair value of financial instruments that are used for hedging purposes are excluded.

EPRA Net Tangible Assets (NTA)		30.09.2024	30.09.2023	31.12.2023

NTA per share (NOK)	NOK	20.46	20.34	19.68

² Estimated fair value of deferred taxes where the estimated fair value of the tax asset related to carry-forward losses are greater than the estimated fair value of relevant tax liabilities. The calculations assume that carry-forward losses can be utilised over the next 5 years with a discount rate of 5 per cent. The real tax liability related to the gains/losses accounts is estimated on the basis of the annually depreciation rates in the Norwegian tax legislation and a discount rate of 5 per cent. The estimated fair value of the deferred tax liability related to the temporary differences of properties as of September 30, 2024 has been calculated to 3.6 per cent based on a discount rate of 5 per cent and the assumption that properties outside Aker Brygge are realised over the next 50 years period in transactions structured as sale of companies in which the tax discount is 5.2 per cent.

EPRA Net Disposal Value (NDV)

The EPRA NDV metric represents the shareholders' value under a disposal scenario, where deferred tax, financial instruments and certain other adjustments are calculated to the full extent of their liability, net of any resulting tax.

Investments in JVs are revalued based on an estimated fair value of such investments. Financial liabilities are valued at the estimated fair value, net of deferred tax.

EPRA Net Disposal Value (NDV)		30.09.2024	30.09.2023	31.12.2023
IFRS equity	NOK mill.	10,787.2	10,790.0	10,411.6

Outstanding shares at period end (million)	Mill. shares	643.6	643.6	643.6
NDV per share (NOK)	NOK	18.38	18.36	17.85

³ The fair value adjustment related to financial liabilities is related to the valuation as shown in note 8 to the interim financial statement, where the estimated difference between the current margins and the market conditions are taken into account as well as changes in the fair value of listed bonds. Tax is taken into account with 22 per cent.

EPRA Net Initial Yield

EPRA Net Initial Yield (NIY) and EPRA "Topped-up" NIY

The EPRA Net Initial Yield metrics presents annualised rental income based on the cash rents passing at the balance sheet date, less non-recoverable property operating expenses, divided by the market value of the property and increased with estimated purchasers' costs. The EPRA NIY is a comparable measure for portfolio valuations.

The EPRA "Topped-up" NIY metric incorporates an adjustment to the EPRA NIY in respect of the expiration of rent-free periods or other unexpired lease incentives such as discounted rent periods and step rents.

EPRA Vacancy Rate

The EPRA Vacancy Rate is calculated based on the Estimated Market Rental Value (ERV) of vacant space divided by the ERV of the whole portfolio, and it is a per cent measure of investment property space that is vacant, based on ERV.

EPRA Vacancy Rate		30.09.2024	30.09.2023	31.12.2023
Market rent vacant areas ⁵	NOK mill.	107.6	77.9	58.1

EPRA cost ratio (excluding direct vacancy cost)	Per cent	16.24	16.32	17.06	17.96	18.01

EPRA LTV

The EPRA LTV's aim is to assess the gearing of the shareholder equity within a real estate company. The EPRA LTV is calculated based on the IFRS reporting with certain defined adjustments. The adjustments include, among other things, that the EPRA LTV is calculated based on proportional consolidation. This implies that the EPRA LTV include the group's share in the net debt and net assets of joint venture and material associates. Assets are included at fair value and net debt at nominal value.

⁷ Properties held for sale is related to properties classified as inventory. The property inventory includes land, residential projects under development and completed units for sale.

Definitions

Below is an explanation of figures and notions mentioned in the interim report, which are not derived directly from the accounts.

Definition of financial APMs

Operating profit before administrative expenses	Revenues net of property expenses.
Profit before income tax and value adjustments	Profit before tax, adjusted for fair value adjustments to investment properties and financial derivatives.
Profit before income tax, value adjustments and joint ventures	Profit before tax, adjusted for share of profit in joint ventures as well as fair value adjustments to investment properties and financial derivatives.
Market value of property portfolio	The market value of all the group's properties regardless of accounting classification.
Market value of joint ventures	The book value of the investment in joint ventures, adjusted for the EPRA-revaluation of such investments.
Gross interest-bearing debt	Book value totals for long-term and short-term interest-bearing debt, less the holdings of own bonds.
Net interest-bearing debt	Gross interest-bearing debt, less interest bearing receivables and cash/cash equivalents.
LTV	Debt to asset ratio (Loan-To-Value).
Gross debt to asset ratio (gross LTV)	Interest-bearing debt divided by the fair market value of the property portfolio at the balance-sheet date.
Net debt to asset ratio (net LTV)	Net interest-bearing debt divided by the fair market value of the property portfolio at the balance-sheet date.
Equity ratio	Total equity divided by total equity and liabilities.
Pre-tax return on equity	Annualised pre-tax profit in the period divided by average total equity for the period in the balance sheet.
Earnings per share (EPS)	Net earnings for the period divided by the average number of common shares during the period. Diluted earnings per share takes into account the dilution effect of share options.
NAV, book value	Net asset value, the book value of total equity in the balance sheet.

Definition of other financial and operational measures and terms

Run rate for annual rent	Contracted annualised rental income for the property portfolio at the balance sheet date.
Weighted remaining duration of leases	Remaining contractual rent of current leases at the balance sheet date divided by the total contractual rent for the entire lease term.
Space vacancy/Office vacancy	Space vacancy is the total number of square metres available for rent divided by the total number of square metres in the market. Similarly, office vacancy is the number of office square metres available for rent divided by the total number of office square metres in the market.
Financial vacancy rate	Annualised market rent for space which generated no rental income at the balance sheet date, divided by total annualised rent for total space (contract rent for leased space and market rent for vacant space).
Gross yield	Gross yield on the balance sheet date for a property or portfolio of properties is calculated as contractual annualised rental income divided by market value.
Net yield	When calculating net yield, maintenance and property-related costs are deducted from contractual annualised rental income, which is then divided by the market value.
Prime yield	Yield for a fully leased property of best structural quality, with tenants in the best category and in the best location.
Unutilised credit facilities	The difference between the total available credit facilities, based on the current loan agreements, and the amounts at the balance sheet date which are deducted and accounted for as interest-bearing debt in the balance sheet.
Interest hedging ratio	The share of interest-bearing liabilities hedged at the balance sheet date.
Base interest rate	A weighted average of the fixed and floating average interest rates at the balance-sheet date. The fixed average interest rate is calculated as the weighted average of the fixed interest rate paid by the company in relation to outstanding interest-rate contracts and loans. The floating average interest rate is calculated as the weighted average of the Nibor rate paid on interest-bearing debt. The interest-rate base does not include accrued finance charges or margin.
Average interest rate	Weighted average interest rate on interest-bearing debt and fixed-rate interest agreements at the balance-sheet date.
Average interest margin	The weighted average of the interest margin on the outstanding interest-bearing debt at the balance-sheet date.
Remaining time to maturity for interest-bearing debt	Weighted remaining period until maturity for interest-bearing debt at the balance-sheet date.
Remaining time to maturity for interest hedge agreements	The weighted remaining period until maturity for interest hedge agreements at the balance-sheet date.
Like for like	Change in rental income from one period to another based on the same income-generating property portfolio, with rental income adjusted for purchases and sales of properties.
Independent appraisers	Akershus Eiendom and Cushman & Wakefield.
Oslo CBD	The central business district is considered the most attractive area for office space in Oslo. It is usually restricted to the districts of Aker Brygge, Tjuvholmen and Vika.
